Steps on how to register account on:

WISE.COM

01

CREATE WISE ACCOUNT

- Go to www.wise.com
- Click 'Register'
- Enter your email address then click 'Next'
- Select 'Personal Account' as account type
- Choose country of residence then click 'Continue'

PASS 2-FACTOR AUTHENTICATION

02

- Enter phone number and select correct country code
- Click 'Send verification code'
- System will send code via sms
- Enter 6-digit code then click 'Submit'

03

CREATE PASSWORD

- Create a strong password then click 'Continue'
- Note: Password must contain a letter, a number, and must be 9 characters long (can also include special characters)
- System will then redirect to dashboard to send money
- Click 'x' on the top right portion of the page

VERIFY ACCOUNT

04

- Check your email inbox and click 'Confirm my email address' button inside the email
- Click 'Continue'
- System will redirect back to wise website
- After email verification, you can now start setting up your account

05

FINISH ACCOUNT SET UP

- Click 'Set up account'
- Complete personal information fields (information should match your legal document)
- Click 'Save' button
- Note: You can start sending money after this step
