B+	3.33
B	3.00

'Pass' is not included in the cumulative GPA. For study completed at the undergraduate level, 'Pass' corresponds to at least a 'C' in the United States. For graduate and professional study, 'Pass' corresponds to at least a 'B'.

GRADE POINT AVERAGE (GPA) is calculated by multiplying the credits per course by the quality points for the grade for that course, repeating this procedure for each course, totaling the credit hour quality points thus obtained, and dividing by the total number of credits.

SEMESTER CREDITS are defined as follows: One semester credit is earned by successfully completing one hour of academic instruction each week of the period of one semester. Conversion of foreign academic hours is calculated on the assumption that the average number of credits for one year of full-time academic study in the United States (for the majority of accredited higher educational institutions) varies from 30 to 34 semester hours.

LEVELS OF EDUCATION: Kindergarten (K); Elementary School (ES); Junior High School (JHS); Senior High School (HS); Undergraduate Education - Lower Division (L), Upper Division (U); Post-baccalaureate Education (P), Graduate Education (G), Doctoral Education (D); Vocational Education (V) and Professional Training (PT).

REGIONAL ACCREDITATION is the process by which an educational institution receives official degree-granting authority that merits the reciprocal recognition of diplomas, degrees, degree programs and individual courses by other educational institutions. Such authority is typically granted by a ministry of education. Unless noted otherwise, the degrees, programs and courses listed in this evaluation report were completed at the equivalent level of a regionally accredited educational institution within the United States.
